Gates signs soccer ball in Nigeria

Rotary International News -- 10 June 2010

Bill Gates, cochair of the Bill & Melinda Gates Foundation, added his support to the Kick Polio Out of Africa campaign this week, signing a soccer ball that is making its way through the continent before the 2010 World Cup.

Since February, the ball has been traveling through a number of polio-affected countries in Africa, raising awareness of the eradication effort. In many nations, its arrival has coincided with immunization activities, and Rotarians have celebrated by holding public rallies and inviting government officials.
